01 · WHY WEDMIN

From the event floor *to the university.*

It is rare for a businessman from the industry to write a university course. It is rarer still for a government university to approve it and start the programme at his request.

Founder Nisar Aboobacker has spent 15 years running weddings and events in India and the UAE. He began researching this programme in 2023 and wrote the Wedmin course from that experience. Mangalore University's experts studied it, added to it and refined it, and the Academic Council approved it.

> *Wedmin students do not just study events. They learn from someone who has run them.*

Taught by people who run events

Industry trainers from hotels, event companies and travel firms.

Real events, not role-play

Practical camps of about 1,000 students, in teams of 100 led by students.

A mentor for every student

A mentor, a coordinator and a class group for quick help.

Internships with hotels and event brands

We help students get internships and check on every trainee.

A campus built for this course

A four-floor hybrid campus in Mangaluru with modern labs and a library.

Start your own business

Support and a vendor network across India and the UAE.

01 · RECOGNITION

Certified by a *State University.*

The Wedmin campus Certificate and Diploma are issued by Mangalore University.

Mangalore University

A State University of the Government of Karnataka and a UGC-recognised university. The Wedmin programmes were approved by the university's Academic Council in September 2026.

DPIIT-recognised startup

Wedmin Academy Edutech Private Limited is recognised by the Department for Promotion of Industry and Internal Trade, Government of India.
